Dear Parents and Carers,

Important Information Safety Notice – Parking in roads around school site

We have received a number of complaints from local residents about parking in the roads around the school. Residents are unable to access or leave their property due to cars parking across their drives.

Please can we take this opportunity to remind drivers to take extra care when driving around the school site.

Please can drivers ensure that they do not block driveways, roads, park on double yellow lines, the kerb or on the school crossing patrol area and park responsibly and considerately.

In the interest of health and safety and good neighbour and school parent relations, please can parents/carers take care to park and drive responsibly when dropping off and collecting pupils around the school site.

I cannot stress enough how important it is for the safety of our children, other pedestrians and other for road users to drive and park safely and responsibly to help reduce the risk of any further accidents happening.

The school has contacted the local police and 'Parking Services' at the Council to ask for them to come out over the next few days which **will include the issuing of parking tickets**. They have asked us to inform parents and carers that any parking tickets issued will be posted out rather than left on the windscreen.

Part of our school ethos is to value and respect others including our local community. We would therefore politely request that parents and carers support us in conveying this message and by acting accordingly whilst in and around the school site.

Many thanks for your co-operation and continued support.

Yours sincerely

Mrs J. McGibney
